About dj Orthopedics

dj Orthopedics is a global medical device company specializing in rehabilitation and regeneration products for the non-operative orthopedic and spine markets. Marketed under the DonJoy and ProCare brands, the Company's broad range of over 600 rehabilitation products, including rigid knee braces, soft goods and pain management products, are used in the prevention of injury, in the treatment of chronic conditions and for recovery after surgery or injury. The Company's regeneration products consist of bone growth stimulation devices that are used to treat nonunion fractures and as an adjunct therapy after spinal fusion surgery. Together, these products provide solutions throughout the patient's continuum of care. The Company sells its products in the United States and in more than 50 other countries through networks of agents, distributors and its direct sales force. Customers include orthopedic, podiatric and spine surgeons, orthotic and prosthetic centers, third-party distributors, hospitals, surgery centers, physical therapists, athletic trainers and other healthcare professionals.
