FOR IMMEDIATE RELEASE

DONJOY PERFORMANCE LAUNCHED IN RETAIL

THE FIRST TIME THE WORLD'S LEADING SPORTS MEDICINE PRODUCTS WILL BE AVAILABLE TO CONSUMERS

SAN DIEGO, CA, June 10, 2015 – DJO Global, Inc. (“DJO” or the “Company”), a leading global provider of medical device solutions for musculoskeletal health, vascular health and pain management, today has announced the launch of its new consumer product line, DonJoy Performance, a brand within the portfolio of the leading orthopedic medical technology company, now available online and in select retailers nationwide. In tandem with the brand and product line launches, the Company has also unveiled its consumer website, DonJoyPerformance.com, which launches today.

DonJoy Performance features an extensive line of innovative sports medicine products designed to keep athletes in the game, achieve peak performance and prevent future injuries by utilizing proven technologies from DJO Global’s extensive medical research and development.

“We developed DonJoy Performance to help athletes stay healthy, perform better, remain injury-free and return to play faster,” said Toby Bost, president of DJO Consumer. “We’ve brought the technology and medical innovation from the number one sports medicine brand in the world and made it readily available to all consumers.”

The full line-up of products includes:

BIONIC – DonJoy Performance’s most stable line featuring bilateral polycentric hinges to fully stabilize the respective joint against lateral forces, while operating freely for a highly responsive and natural feel.

WEBTECH – Patented silicone web technology that surrounds and suspends the knee joint to provide unrivaled performance in pain management, shock dampening and structural alignment.

TRIZONE – Targeting the calf, knee, ankle and elbow, the unique hybrid design combines the properties of compression and bracing in one sleeve to help maintain peak performance during sport and activity.

PROFORM – Better performance through compression, mild joint support, improved heat retention and increased circulation/oxygenation designed for arm and leg protection.

DEFENDER SKIN – Uniquely engineered and customizable adhesive second skin, designed to defend the body against cuts, scrapes, turf burns and bruising that are common injuries associated with the impact and abrasion of rigorous sport.

Professional athletes, physicians and athletic trainers across all sports trust DonJoy for their performance and pain management needs. Professional basketball athletic trainer Mike Mancias, who works with top players including LeBron James, praised the products, stating, “With the use of DonJoy Performance products, all-star athletes are able to get back on the court faster and compete at the highest level.”

The DonJoy Performance line is available now at <http://www.donjoyperformance.com>, and at select retailers nationwide, ranging from \$20 - \$100 USD.
