

THE CLASSIC ADVANTAGE

DONJOY® ICEMAN CLASSIC³™ (Premium Edition)

The IceMan CLASSIC³ cold therapy unit helps reduce pain and swelling. The IceMan helps provide extended cold therapy as directed by a medical professional. The IceMan CLASSIC³ utilizes DonJoy's patented recirculation technology, which helps maintain more consistent and accurate temperatures than other cold therapy units.

The information contained in this order form is not a substitute for the Operating Instructions that are to be provided with the cold therapy unit. By signing the order form on the reverse, you acknowledge that you must carefully read and follow the Instructions for Use (IFU) that are provided with the cold therapy unit before use. You also acknowledge that you must immediately contact your physician for medical treatment advice if you experience any discomfort when using the cold therapy unit. Extreme care must be taken when using any cryotherapy as it may cause cold injury when improperly used.

THIS IS A NON-COVERED / NON-REIMBURSEABLE PRODUCT

STEPS FOR ORDERING

1. Fill out your credit card and shipping information below.
2. Obtain your physician's authorization signature on this order form.
3. Fax or email this form with physician's information, physician signature and credit card information to 1 (800) 936-6569 or order.entry@djoglobal.com.
